If you could introduce me to any responsible person of the said Company, it is of much use to secure a job for me.

As to my qualifications I have passed the E.S.L.C. in Junior Electrical Engineering along with one part in Ground Engineering.

My working experience as an electrician as a ground staff in R.A.F. Singapore,

I had a fair working knowledge of the layout and maintenance of the

Automatic telephone Exchange. So with these experience I hope you could recommend me to the Talas here or to any firm here around Tatanagar Jamshedpur Bihar.

Hoping to hear from you.

I should like to bring the following for  
your kind notice and favourable disposal.

I am an officer of the Provisional  
Government of 'Azad Hind' (Reconstruction dept.)  
J. G. L.

I was under detention and was released  
on the 4th March 1946 from Red Fort Delhi.  
I reported to the Delhi I. A. N. (?) Relief Committee  
and they sent me home in Travancore, Madras  
with assurance of relief and securing  
me a job per my qualifications. So far  
nothing of the sort came to being from  
any of the I. N. A. Relief Committee either  
Delhi or Madras.

Now I am here in Tatnagar, Bihar  
trying for a job; but in one way stranded  
here. Will be much obliged if you could  
arrange me some immediate relief.  
Here there are many workshops and factories of  
the Tatas.

Dear Sir,

I am very grateful for the recommendation (?) you have written for me. My idea to write that letter to you was to get some progressive job in Calcutta whereas it is not only difficult but impossible to get any such employment here in Punjab. I am young + I want to learn something.

During my stay in Calcutta there were some people who had submitted their names to go in the factories or in any such other places there being some chance of progress. This is why I am giving you the trouble of writing this letter to you again. At the same time there are very few national minded people to have any society with.

25th June, 46.

Jai Hind,

Everyday I intend to write to you but due to rush of work, it is postponed.

Have you sent a telegram t/o Siam to my home ~~xxxxx~~ address. From my side I have sent some Air Mail letters, but it is strange no reply has been recd. so far. Is there any Thai (Siamese Consulate) in Calcutta where we can make some enquiries. My wife's address is as follows:-

Mrs Swing Lee  
69, Talat ~~Tha~~ <sup>abbon</sup>,  
Chumphon, Thailand.

A telegram sent "Mrs Swing Lee, Chumphon, Thailand" would reach her. If I could only get news to her that I am safe & I will be coming home as soon as the ban is lifted, it will be quite enough. While a resident in the Red Fort I recd two letters from home, but since my release I have written many letters, but no reply has been recd.

What about the I.N.A.C. Is there any plan to organise the same in the U.P.? Please ask Sauren Sen Gupta to send me some details and I shall try to interest the Lucknow medicals. With best wishes.

Jai Hind.

Capt. A. T. Dalal (formerly a store-keeper of The Indian Army Ordnance Corps) was Commander of The Base Ordnance Depot, Indian National Army at Syonan. He is a hard-working, Conscientious and Thoroughly honest officer. Millions of dollars worth of stores were placed in his charge and he did not betray the trust reposed in him. During the last days of I. N. A when it was not unnatural for a man to lose his balance, his conduct so far as his duty was concerned was praiseworthy. I can safely & recommend him for a position of trust & responsibility and can assure his prospective employers

In conclusion, I humbly suggest that if not already approached, the Congress Govts. of Assam, Bihar, Orissa etc. may please be approached to provide I.N.A. personnel(?) with jobs as the number of persons who joined A.H.F. from these provinces are comparatively few. The question of rehabilitation of I.N.A. personnel(?) has already been taken up by the U.P. If you kindly make some provision, we can (52)  
start for our country just after the rainy  
season. If I can come home I shall devote  
the rest of my life for the cause of my  
country. My wife too joined the Indian  
Independence League and my son-in-law  
also worked for the League. I was an  
officiating Headmaster of the Maymyo Govt.  
High School. I shall have to search for  
any sort of work under the Congress on  
my arrival at home. You are the only  
help and hope.

Nothing more to write. My Jai Hind

English translation of the letter (written in Bengali) :-

Revered Sir,

Jai Hind!

Please accept my respectful Jai Hind.  
In writing this letter to you I feel myself proud.

I was an Assistant Secretary to  
the Azad Hind Government. I was appointed  
as a Secretary in place of S. A. N. Sircar M.A.  
B.L. for a few months. He went then to  
Singapore for 4/5 months. I have discharged  
my duties efficiently. My eldest son, Sri N. G.  
Kar B.A. was like the personal Assistant  
of World adored Netaji and was also the  
Assistant Secretary of Major General Chatterji.

I was imprisoned in the Rangoon  
Central Jail as soon as the British Army  
reoccupied the country. I remained in  
Jail for about 1½ months. Those were the  
proudest days of my life.

I am getting a small allowance  
from the Govt. which is insufficient even  
for my household expenses. My family consists  
of 8 heads, we are unable to come to  
our native country due to financial difficulties.

as get in want of <sup>full details of</sup> footing. I shall let you know about the ~~status~~ and its advancement over here on receipt of your letter.

It came to my notice from the paper <sup>no</sup> 8-27.6.46 that the Congress has accepted the offer of Cabinet-mission of 16<sup>th</sup> May. We do not understand it clearly - but our aim is full-freedom. If it is a fact, ~~what~~ how our future will be shaped in presence of the foreigners and instruct what should be our duties at this <sup>ex</sup> eventful time.

Kindly convey my 'Jai Hind' and <sup>cc</sup> regards to Amiya Babu. And don't forget to extend your self advice & guidance after accepting respectful 'Jai Hind' & regards of this humble-self. Awaiting a reply from you -

and evening and hoisting of flags just as was done in the I.R.A.,

The rules of duties are given below:—

1. - General drill - under I.R.A. Command.

2. - Prayer Song - morning & evening - with flag-hoisting & paying respects. -

This will propagate the cause of the I.R.A. men and will express deep patriotism. Gradually there will be training to do every work in the name of Netaji. Four places at Shillong have been selected. Arrangements are being made to hold prayer both in the morning & evening, drill - and inspiring the volunteers.

3. Attempts are being made to recruit volunteers.

4. There will be a Conference here in the next month. Kindly instruct the duties of volunteers & that of mine - towards the function.

I beg to be excused for starting this work without having your consent - and - kindly advice what to do next. I shall try to keep our ideals ~~unaffected~~ <sup>unaffected</sup> whatever might be its aspects. ~~Nothing~~

here. It will be just like sprinkling-water to the fire, if you kindly-help me with something at this critical-time. I hope not to be deprived of my above prayer. I shall, of course, return the same by & by if I can have some provision.

You may, of course, conclude that I am anxious on my own account. But that is not the thing. There is no man of our army at Shillong. I am alone here and a Gwikha of the German I.A.A. has come down since a few days. We are <sup>in</sup> suspicious about him as many came here before and pretended. Hence, the public here have become a bit suspicious. I have written to Delhi about his identity.

However, there was a public meeting here in which I gave out a speech regarding the I.A.A. our aims and duties. But - could not get any satisfactory public support as yet. I have been contacted with many students and also with the Forward-block-workers over here. It is more than a week passed, I called out a student-meeting - and narrated them <sup>the</sup> many stories about the ideals of I.A.A. and Netaji. I am on the look out to bring them with us gradually. I am giving them training <sup>in</sup> of prayer in the morning and

here. I ~~am~~ <sup>am</sup> living here as a host of Shillong Buddhists Association. Although Mr. Bardoli gave me an assurance of doing something for me but she is doing nothing as yet. It ~~is~~ <sup>is</sup> not possible to stay here anymore. I cannot express <sup>about</sup> my pecuniary depression. I am, at present sitting idle, without any means. My old father is starving at home with my little brothers & sisters - now, at the present stage, I would like to seek your kind advice and guidance.

I have ~~in~~ <sup>here</sup> applied for the post of a Sub-Inspector, - Rice-control-scheme of the Supply Department - but I know not how far it will be fruitful. I can have the last attempt if you kindly send ~~me~~ <sup>me</sup> letter to the Chief-Minister, Shreeji Gopinath Bardoli and Supply Minister G. Baidya Nath Mukhopadhyay. Perhaps, appointments will be made out soon - and therefore time is short. It is beyond narrating my present humiliating stage. I am going without a penny. My colleagues and my self are grateful to this Association for their kindly allowing us for so many days with facilities here.

unbeared. I shall be glad if you kindly do the needful with regard to the above. We need not be anxious for Mr. Roy and no action to be taken as I think - he is in safe through the grace of our mother India.

Now, I like to put a short story of mine hence:—

I had been to my home for fifteen-days only, after my departure from Calcutta on the 30th May. The pecuniary condition of my family is very deplorable, even too, it has become difficult to have half-meal in a day. My help is imperative at this crisis. You will appreciate my position. I dropped a letter <sup>from home</sup> to Col. P.K. Sahgal at Delhi purporting my coming over Assam in reply of which, he has ~~sent~~ sent me an (introduction) letter to Mr. Ephi Nath Bardoli, the premier of Assam. I am here for more than a month. I have interviewed Sree Bardoli and handed over the letter to him with the request to have some job for me. I have come down to Assam area after touring over many places, where I viewed that there are very good arrangements for the I.A. and political prisoners in all the areas. But there is nothing of it in Assam although the Congress ministry is in power over here.

with me. After our continuous stay  
of a year and two months, ~~where~~<sup>in</sup> Mr. Dutta  
and myself fell in the hands of the enemy  
on 17th February 1945. We had to burn out  
many (urgent) useful things which were  
along with us, before we were taken prisoners  
of. Mr. Dutta was along with me up to  
Delhi and thereafter we were separated and  
none of us do keep any information of  
each other. Mr. Roy has not yet been  
captured by the enemy. You know it  
well that Confidential ~~the~~<sup>the</sup> matters are  
not disclosed to any body. So, it  
was not possible for me to know what  
Mr. Dutta knew. Besides, I did not try  
to know - as he took it otherwise.  
I guessed from S.S.P., Chakravarty during  
interrogation at Delhi that Mr. Dutta  
disclosed many things. However, there  
~~is~~<sup>is</sup> no information of him as yet.

After being released from Punjab -  
on the 12th April, I came to Delhi - ~~also~~<sup>and</sup>  
saw Frejint Sarat Babu ~~in~~<sup>to</sup> whom  
I disclosed the urgent information and  
requested him to take particulars of  
Dutta. I have written a letter to

I came to learn that Mr. Dutta is yet  
untouched.

that letter. I am searching for the original.  
the time in question while I was staying in  
Mayetwa I only kept some money for bazar. My cash, gold and  
jewellery were hidden in the Karen village with my wife.

I have never been to any Police Station in connection  
with this case. I have never made report about this case at  
any P.S. It was because I did not want to put the accused into  
trouble.

About a year ago, one day while I was seated on the  
verandah of my bungalow in Tamwe Rd., Rangoon, an Englishman  
called on me. I did not know who he was but later I found he  
~~the~~ was the Commissioner of Police, Rangoon. He asked me if  
I was comfortable during the Japanese period or whether there  
was any trouble. I then related to him in brief the trouble  
the accused Doshi gave me while I was in Mayetwa. He wrote it  
down in a little book what I had stated to him. I think the  
name of that Officer is Mr. Orr.

The reason why I did not report against the accused was  
because according to the dictates of our religion we should suffer  
and not inflict suffering on others.

The first report I made in connection with this case was  
to U Po Kyaing, Headman of Mayetwa. At his suggestion I sent  
a report by telegram to the then D.C., Pyapon.

is a Karen village, where my wife and child were.

On this previous visit Doshi asked me where my wife and child were and I told them.

Doshi and his party came back on the next day and left for Rangoon. On this last occasion, Doshi handed back two out of the 3 rifles which he took away on the first occasion. He handed these rifles to Mahboob Khan, my Durwan.

About 10 days later, Inspector Saw Ba Baw of Yondauk village, dropped in at my mill on his way to Pyapon. He told me that Doshi came to him and told him that Doshi and his men came to the house of One Indian Sadique and searched for my wife and son. Not finding them, Doshi asked him where my wife and son were. That he replied to Doshi that Indian affairs must not be brought into Karen village and that there would be trouble. After this they left.

Before I met Saw Ba Bwa, on the day after Doshi and his men left me after their last visit, Doshi and his men came back again and Doshi told me that he was not satisfied, because he got nothing from me. Then he left. I am not sure whether he left the same day or the next day. Either before Doshi left or after he had left my Manager Malam arrived at the mill from Rangoon.

Malam said that he came because he heard that I was in trouble and that Doshi had caused the trouble. I told Malam that I had been troubled too much and told him to give him whatever he wanted. I also told him to satisfy him so that he may not come again. After that Malam went away.

About 3 months after and after the return of the British, I came down to Rangoon. There I met Malam who told me that he had paid Rs.2,25,000/- to Doshi to satisfy him and on condition that he should not go again to Mayetwa to trouble me. I also found from my accounts that amount had been paid out. I have got the account books and I can produce them.

My son who now in Mayetwa is 26 years of age. He is by my present wife.

Some 8 or 10 days after Doshi's last visit, a Japanese Officer from the Kampetai came to me and gave me a letter in English and told me to show it to Doshi if he come again. I have

third day of the visit, Headman U Po Kyaing had an alu to which I was invited. As he was my neighbour I wanted to go. So I asked Doshi for permission. He let me go under the escort of an Indian soldier who came along with me armed with a rifle. I met U Po Kyaing there and I reported to him all that had happened. Headman Ko Ohn was also present there. To him also I reported that had happened. Ko Ohn is the headman of Yon-saing village which is close to Mayetwa. I also met one elder Ko Ba Thein. To him also I made a report. Then the Indian escort with me told me not to speak in Burmese but to speak only in Indian language. He did not allow me to stop there long but brought me back to my small house where I was kept in confinement.

After staying there for 3 nights and 3 days, Doshi and his party left. About 2 hours before their departure, I asked Doshi for my keys saying that I had no bazar money. He then threw the keys at me.

After their departure, I went round my compound to see and found my boat sarang, Tataya at my Bungalow. He told me that he was arrested and kept there with his hands tied up; and that he was assaulted. He showed me the injury on the leg.

I also met my clerk Azam Hashim. He also told me that he was kept together with Tataya and a cook with his hands tied up and that he was also assaulted. He showed me bleeding injury on his legs. He said that he was severely assaulted. He also told me that he quietly removed the bolt at the back door and all three of them escaped.

I also met my cook whose name I do not know but whom I used to call bara. I now remember his name is Sadique. He also told me that he was assaulted but his injury was not severe.

One or two days after their departure, I sent a telegram reporting the occurrence to U Aung Khine, the then Deputy Commissioner, Pyapon. I also sent a report by telegram to the Japanese Kampetai at Pyapon.

About 8 or 10 days later, Doshi came again accompanied by two Indians. One of whom was a Pathan and other a Punjabi. On this occasion Doshi was armed with a revolver while his companions were armed with rifles. On this occasion after coming to the mill, the accused and his party proceeded to Yondauk village which is a

About 7 days later, when I woke up at about 4.30 a.m. to say my prayers as usual I found that my small house was being surrounded by Doshi and his men. About 6 or 7 men surrounded my house. Doshi was armed with a revolver, so were some of his men. 3 other companions of his were armed with rifles. Doshi ordered me not to move and not to speak to anyone. He also drove away other people who came near my house. Doshi said "you have many English currency notes, you also have gold and diamonds. Give all." I told him that I had none. At that time Doshi did not do anything with his revolver. He simply had it on his person. I do not remember whether he had his revolver in his hands or in his waist. At about break-fast time, Doshi alone went away to my bungalow leaving behind all his companions who were still surrounding my house. After break-fast he came back to me and said "pointing his revolver at me", "You devil of an old man, you see this, you will be killed, give all what you have. I have made inquiries outside, you have plenty of British notes, gold and diamonds, why do you want to die, give it up." I told him that I had none. Then he said, "if you say that have none, you will have to swear on the Koran." I told him that the Koran was a sacred document and asked him to allow me not to touch it. Then Doshi showed me his revolver again saying "you see this" He then pressed my neck down and said "do you want to die, do you want to die." Then I said I could swear by the Koran. Doshi then went and brought a Koran from a Kaka in the Bazar. I washed my face, and swore on the Koran that I had no properties with me. Then Doshi said, "if you have no properties, ~~with me~~ surrender your son to me, I will take him away." I told him that my son had gone his mother's relatives.

On this occasion, I was kept in confinement in the small house for 3 days. I was not allowed to go out. I was guarded by his companions all this time. Doshi came off and on.

During this visit, Doshi slapped my cashier Ameer Hayed (Hayat) and seized the keys from him. Doshi then went round and opened all my safes and boxes in my office and the mill. I do not know what he got but I think he did not get anything. On the third

Examination-in-chief.

About 2 years prior to the return of the British, I went and lived at my Rice Mill, Mayetwa village, Pyapon District owing to the severe bombing at Rangoon. I do not know the accused Doshi before. I only came to know him when he came to my Rice mill. I think about January or February 1945, the accused came to my rice mill for the first time. He was accompanied by 5 or 6 Indians. The accused Doshi was wearing an officer's uniform while his companions were wearing soldier's uniform. The accused was armed with a revolver. 2 or 3 of his companions were also armed with a revolver each. I did not notice if the rest had any arms. The accused Doshi said "I am a Government officer, show me all your fire-arms." I had about 13 or 14 firearms with me under license. I showed him these together with the license. My firearms consisted of, one revolver, about 4 rifles some D.B.B.L. gun, one triple barrelled gun. The accused and his companions seized all these firearms. They did not take away my license. They then proceeded towards my bungalow. The place where I produced my firearms was in front of my No.2 godown. At that time I was living in a small wooden house about 200 feet away from my bungalow.

Doshi then told me to light my lamps. I had 2 or 3 of my hurricane lamps lighted. It was then about 8 or 9 p.m. They arrived at my mill after sunset. I do not remember the exact time. It was about 7 or 8 p.m. when I surrendered my firearms. Then the accused and his companions with the help of those lamps searched at the house where I lived, at my rice mill, mill godowns and other buildings in my compound. They did not tell me what they were searching for. They made searches for an hour or two. They did not get anything. They spent the night at my bungalow. At 8 a.m. the next morning they arrested one of my clerks names Azim Rahim and took him away together with 3 of my rifles. They all went away leaving behind the remaining firearms. On that occasion no harm of violence was done to me.

surrender all arms and ammunition in my possession that I was to hand over all the jewellery in my possession, that I was to hand over all British notes in my possession. I replied that I had nothing with me and Doshi squeezed my neck. At that time no one present. All the employees at the Mill were first driven away. My wife and family too all ran away leaving me alone. I was confined in my house in a small room for four days. There were sentries watching me. I was only fed once a day. This party ransacked all the rooms in the house. They did not find anything. They only seized the three Japs rifles and 90 rounds of ammunition (under cover of licence) which was kept in the charge of my durwan Mahboob Khan. They then went away. At four or five days later Doshi and the same party returned but we received early intimation and moved on to the Karen Area. They followed us and were driven out by the Karens and threatened to shoot them. Doshi and the I.I.L. Officers speaks Japanese fluently and he - said to have been brought down from Japan. Doshi ill-treated many Indian - civilians and extorted British notes and jewellery in many cases.

While I was in district Gulam Md. Malim, My Manager, was left in charge of the firm in Rangoon, came and reported to me that Doshi and some enemy officers demanded Rs.500,000/- under threat which he paid out. Later when I returned to Rangoon in June 1945, My Manager again reported that he had to pay out another Rs.225,000/- to Doshi under threat.

Rasul Beg and Md. Beg the Cashiers were eye-witnesses and will prove by documents.

what is urgently needed is to provide these soldiers with employments or absorb them as tillers of the soil on Co-operative farms, for which offers of lands will certainly be highly appreciated.

Thousands of those who are still unemployed and are on the waiting list of the Employment Bureau of the All India I.N.A. Enquiry and Relief Committee include Accountants, clerks, Typists, Doctors, Store-keepers, Drivers, Electricians, fitters, Mechanics, Masons, School-teachers, Shop-Assistants, Gate-keepers, Guards, Farmers, office-peons, Salesmen and so on.

Besides, a great number of these can be made use of as physical instructors. Thousands of educational institutions throughout the country may please divert their attention towards these patriotic instructors and employ them in training up the youths of India in physical drills etc etc. The Department of Employment Bureau will certainly appreciate and welcome offers from business houses, Educational Institutions, self governing bodies, like municipalities, Corporations, District Boards, and others to employ the I.N.A. Personnel.

It shall not be out of place here to earnestly hope that the representative Governments now functioning in all the Provinces of India will certainly pay their attention towards this problem and treat these patriots on the same footings as hundreds of thousands of demobilized Indian Army personnel are being looked after. We expect that not only the Congress Governments, but also non-Congress Governments as well, will find suitable places for these I.N.A. personnel and help them in at least making their both ends meet.

It is a well known fact like the light of the day that the INA personnel when

The All-India I.N.A. Relief and Enquiry Committee, Delhi.  
(This newsfeature is released on behalf of the above  
Committee by the N.I.P.P. Service for free publication.)

The immediate and foremost problem facing  
the All India I.N.A. Enquiry and Relief Committee is to  
find suitable employments for the released and  
dismissed soldiers of India's Army of Liberation,  
who have come back to their homes financially ruined.  
Thousands of Combatant and non-Combatant members  
of the Azad Hind Fauz and its auxiliary organizations  
are now in India. Those who have been provided  
with the employments through the I.N.A. Enquiry and  
Relief Committee are only a portion of the whole number.  
The I.N.A. personnel are indubitably grateful to the  
whole Nation for taking up their cause and extending  
monetary relief to them. But it is an admitted fact  
that neither Country can continue to provide monetary  
help to these warriors nor the I.N.A. men themselves  
desire to live on charity and contributions. The best  
way, as already brought before the public off and  
on, is the help the I.N.A. Relief Committee with the  
offers of employment and jobs at least as long as  
these soldiers are not absorbed in the National Army  
of Independent India. They are tested warriors and  
they have proved themselves as fine fighters on the  
fields of battles and will certainly be jewels in the  
Army of free India. For the time being, however,

29th June 46.

It is now more than two weeks since  
I reached home and I am glad to learn from some  
one that you are now released and is at home.  
Hope you are keeping good health.

As to my brother, Dr. Gopal and his Father-  
in-law Sri. S. C. S. Chakraverty and family, they  
are still in Borneo. All my efforts to get them  
permission to leave for India, failed so far. The  
I.N.A. Enquiry and relief Committee is in the know (?)  
of things and I hope they are trying to help them.  
Dr. Gopal is now working in 'Sibu' in the Govt.  
Hospital and all the rest of the family are with  
him.

Back home, I have no idea as to what  
I should do next. I was thinking of joining the  
Relief Committee at Delhi, but I learn to my  
great disappointment that there is much of petty  
and party politics there and I am not going to  
join that now. More over my aged parents and  
family desires my presence here. I am trying  
to publish the 'Book of Pictures' and have  
referred the matter to Azad Publishers, Fort, Bombay.  
I want to your advice and help in the matter of  
this publication as well as to guide me in my  
future.

Trust this will find you in good health.  
With best regards and sincere gratitude.

14th July. 1946

My dear Roni,  
Received your two P.C.s. some days ago and  
wrote the contents. Sorry for long delay in replying to your P.C.s.  
For the last two weeks I was in bed suffering from  
influenza. Now I am on the road to recovery. I was quite  
fat and stout. Am in my element in my village. But now  
due to the sudden attack of this fever I have gone down  
very much and I hope that it will another two months  
to recuperate former health.

Just yesterday, I received a long letter  
from the Central I.N.S. Relief Comm. saying that Col P.K. Sehgal  
and Sri S.D. Tyer are in communication with General Chatterji  
and Mr. Masani regarding our accommodation and once the  
arrangements are made, we will call for you and  
therefore please wait in your village until we call for you.  
As a member of the I.N.S. Comm. I have decided  
to wait till I get a call from Delhi to go Calcutta.  
I do not know how long it will take. When I go to

Calcutta, I promise you that I will get for you Dutties and  
things but for Rases I will have to go Madras  
and reach Bengallee by Rases which I can  
only promise you when I go to Madras on the way to  
Calcutta. In the meantime, if I happened to go to  
Madras I will write to you. I hope you won't take it  
in any other sense as I give you reason. Please write to  
me descriptions of the Rases when you write to me next.  
Sorry I do not have any 日本銀 25000. I too have  
forgotten lot of 日本銀. I have sent a letter of our  
Rase arrival to 日本銀 or not through a British Indian  
soldier who told me that he will be going to Japan  
within a month's time when I met him 3 months ago.  
I don't know whether he reached Japan or not. I don't  
think there is any postal communication between Japan & India.  
Don't be worried I wait money without informing you all.  
Have destroyed your College studies. I don't know how  
long it will take for us to finish your all. Please inform  
me about your studies. No long. ever after

Burma Government and Police authorities concerned have become awkward. They seem to be not so keen about the case, but, at the same time they are not prepared to withdraw on grounds of prestige. They are as well afraid to know that a person of your standing and fame is coming here in connection with these cases. It is more painful for them to note that the Burmese people as well are interested.

A hint was given by the authorities to send a deputation to the Deputy Commissioner of Police. Accordingly three persons were waited upon him this morning. Also the Chairman of the I.N.A. Defence Committee was officially asked by the Chief Secretary to the Burma Government to see him in this connection. Nothing definite resulted in both the meetings. It is gathered that the question of prestige stands in the way. Any further progress ~~is~~ shall be reported to your honour.

I fully realise that you have more important work in India, but hope you shall be kind enough to grant a few days of your precious time. Your presence here shall have great impression and a final stroke upon the cases.

Awaiting eagerly for the day to have the honour ~~to~~ of receiving you.

Jai Hind,

I have the honour to receive your kind letter of  
28th. June. As per your information about the arrival on  
the 1st July, the citizens of this place were anxious to  
have in their midst the beloved leader of East Asia. A  
reception Committee was formed for the purpose under the  
Chairmanship of (Major General) U Aung San, President,  
Anti Fascist People's League. Burmese Leaders, especially  
Aung San Party showed keen interest in this connection.  
Azad Hind workers and I.N.A. personnel were very happy to  
to hear about your visit.

Today was the date for Mr. Doshi and my cases.  
In my case 3 witnesses out of 17 were present. It was  
stated from the prosecution side <sup>that</sup> many witnesses had gone  
to India and more were intending to leave and requested  
the Court not to postpone the case for a longer period.  
The court fixed 12th July '46. My Lawyer U Kyaw Myint  
did not think it advisable to insist for longer time.  
The hearing of Mr. Doshi's case ~~showing~~ is fixed for tomorrow.  
It is interesting to note that witness fees paid to the  
witnesses from the prosecution side <sup>was</sup> donated to INA Relief  
Committee Fund.

Indians in Thailand are supporting these soldiers, yet there are no satisfactory arrangements for their relief. Some of the Workers of the Indian Independence League have for Malaya in search of some jobs. And those who left for India number only twently. Their expenses to undertake a journey back to the Motherland were somehow or other met by the Indian Community of Bangkok.

It is further reported that the institutions of Thai Bharat Cultural Lodge and the Swami Satyanand Puri Library are still in the hands of Foreign custodians, and most of the valuable books and other materials from the premises of both the institutions have been removed. Indians there, are trying their best to have control of both the institutions in their hands but so far of no avail.

Jai Hind,

Yesterday in the case of Mr. Doshi Mr. Nariman filed his withdrawal to appear in the court on behalf of the defence, because on the 10th. instant, there was a circular from the High Court to all subordinate courts that no advocate from outside Burma can appear at any sub-ordinate courts.

Mr. Nariman's idea is that your goodself also cannot appear in this court except in the High Court of Rangoon for which also permission is necessary. As far as I can gather the ~~ifm~~ informations, the authorities are very keen to prosecute all the accuseds and they are paying a serious attention on all these cases.

The plaintiff against Mr. Doshi, as you are aware, is Mr. R.R.Khan (Khan Bahadur). He has given very strong evidence against the accused. It is said that he had exaggerated much in his statement which was full of many deliberate lies. He confesses at the same time that he had no intention to file a suit or to have any revenge against the accused Mr. Doshi. It was the police that had made him to do all these things.

The Chairman of the I.N.A. Relief Committee, Mr. M.G. Kapadia, who is also a Rai Bahadur, has very great influence over Mr. R.R.Khan. Their business premises are not only in the same building but also in the same room. Due to this consideration he was elected the Chairman. Each and every one was well convinced that Mr. Kapadia would do the needful, but I was really surprised to hear the statement given out by R.R.Khan.

In fact I do not wish to have to say anything against the chairman, but the fact remains there that he was never present so far during these trials in the court. Unless he is approached to write or cable he has not until now done anything worth<sup>the</sup> mention. I hope your presence once here in this country will solve all the difficulties and set the defence machineries moving.

Since your goodself remain extremely busy now-a-days for more important affairs than ours, I know you have very little time at your disposal to spare for us in Rangoon. I therefore humbly request you kindly to grace us with your presence and then spare someone whom you deem fit to represent you here for reorganising the defence councils etc., as you cannot probably spare more time to remain in Rangoon.

The Indians of this country are not bad; they can work and they had worked with full of spirits. The only thing they need is a good leader to lead them. You know well that in Rangoon there are no real leaders or experienced public workers.

For your information, please note that my case is fixed for 12th., Mr. A.R. Nizami's 16th., Mr. C.I. Ariff's 17th., Mr. Pitchay's 18th. 19th. and 20th. July and Mr. A. Habib's is on the 20th. August 1946.

Jai Hind,

Yours faithfully,  
SD/- S.M. BASHIR.

Letter 1.

To, Sri Sarat Chandra Bose,  
CALCUTTA.

Jai Hind,

I beg to inform your honour that Mr. Doshi's case is proceeding daily since the 3rd. instant. In the course of the proceedings Mr. Nariman raised an objection about the jurisdiction, but the court ordered the case to proceed. The prosecution counsel in return objected that Mr. Nariman has no authority to appear in this court because he has not obtained sanction from the High Court of Rangoon as he is not a member of the Bar Association of Burma. The Magistrate after hearing Mr. Nariman's arguments said that he would refer the matter to the High Court and adjourned the case till 11th. instant.

There is a strong rumour in the Rangoon Bar that the High Court is not in favour of allowing your goodself to appear here on our behalf. Since I am not well acquainted with the Law Points, I am sorry, I cannot enlighten you with much fuller details.

It is believed that the authorities are very much serious about Mr. Doshi's case whereas the other five cases of the Netaji Fund Committee Members, as far as I can gather, have not attached much

I presume you know me by name as  
one who had the honour of serving on the Cabinet  
of the Provisional Govt. of Azad Hind under  
Netaji Subhas Chandra Bose.

I returned to India recently and had  
a mind to see you both for giving you a Courtesy  
Call and for seeking nomination to the Constituent  
Assembly but was down with influenza and  
had to leave Calcutta hurriedly - I, however,  
look forward to seeing you at the earliest  
opportunity as soon as I am fit.

Let me tell you, that my idea is to  
offer my services to the Country for what they  
are worth. I was particularly interested in the  
Constituent Assembly as law was very port-  
folio in the P. G. A. H. for a considerable time.

Wishing you the best of luck -

It has been brought to my notice  
that a lot of undesirable persons, with a  
view to exploit the popularity of the I. N. A.,  
pose themselves, as officers or soldiers of

Jai Hind,

Kindly accept my grateful (?)  
thanks for your Kind letter of 2nd. July.  
Perhaps it is not quite correct on my part  
to worry you with letters of this kind at a  
time like this when every minute of your  
valuable time is required by our Mother-INDIA.  
It is only my anxiety to keep in touch with  
you, Sir, which is prompting me with  
these letters. To some of us, to whom  
Netaji was our light and straight (?), and  
to whom we were devoted; your person  
has a separate meaning as we came to  
know that you were more than an  
elder brother to him.

Owing to circumstances I am  
unable to proceed to India immediately.  
I hope to leave Penang towards the end

Dear Sirs,

We the undersigned members of the I.N.A. and Rani Jhansi Regiment wish to protest against the partiality and injustice done to us, by the All Malayan I.N.A. Relief Committee of Kuala Lumpur in regards to the distribution of the clothings and free passage etc.

As you are aware, the above committee has been founded with the funds of our beloved Leader Pandit Nehruji and though others have received their shares, we have received nothing so far.

We are herewith passing a non-confidence vote on all the old guards of the now defunct I.I.L. and request you to make the necessary enquiries and see that justice is done to us.

We refuse to allow ourselves to be 'victimised' and 'exploited' by the members of the above committee.
